### A WORD FROM THE CHAIR

These are very busy and exciting times for the Alabama Board of Physical Therapy. Your Board members and staff have been extremely hard at work trying to improve the clarity of physical therapy regulation in Alabama and enhance public protection.

In the 2012 legislative session two different bills passed and were signed into law that changed the Physical Therapy Practice Act. Subsequent to these changes the Board drafted and filed the corresponding Administrative Code language changes. Each change to the Administrative Code has a public comment period where the Board solicits feedback to make sure the new rules accomplish their intended goal with no or minimal unintended consequences. With these rule changes the Board addressed the passage of direct access in Alabama and provided clarification to some of the statutory language found in the direct access bill.

The Board has also been hard at work trying to better accommodate companies offering internet based and home study continuing education classes. Changes have been made to decrease the turnaround time for review of these courses and to increase the Board's capacity to review such courses.

The Board is also looking at a broader, more comprehensive change to our system of continuing education course review, approval, and reporting at license renewal time. These changes will allow for a much more accurate and evidence based review and valuation of continuing education activities and greater ease of licensee reporting, which will be especially beneficial to individuals with licenses in more than one state. Through this process the Board is committed to soliciting input from licensees, educators, and providers of continuing education opportunities and using them to guide the coming changes.

The Board is preparing for the launch of an impaired practitioner program in January 2014 that was part of one of bills passed during the 2012 legislative session. For more information on this program please read Jay Segal's article in this newsletter.

Through all of these changes the Board has attempted to maintain transparency and open lines of communication with our licensees. We have done this through the use of blast e-mails and a responsive office staff. We hope that you have been able to appreciate our efforts and we want to thank everyone who has communicated with us.

In addition to all of the projects listed above, the Board is preparing for a change in staff personnel. Nettie Katharin (NK) Horner, who has been the Executive Director for the Board since 2005, will be leaving the Board at the end of March. NK has worked tirelessly to serve the Board, the public, and our licensees. We want to thank her for her dedication and hard work. We would like to invite you to pass along well wishes to her, as well as to welcome the new Executive Director who will be Mr. Glenn Davis, effective the beginning of April.

The Board and staff will continue our hard work with the goal of ensuring public protection through the regulation of the practice of physical therapy in Alabama. We value input and communication from the public and from our licensees. Please do not hesitate to call or e-mail us with your thoughts, questions, or concerns.

John Cormier, PT  
Chair, Alabama Board of Physical Therapy

---

### **HONORED TO SERVE**

I am glad to have the opportunity to serve on our physical therapy board once again. I look forward to the health care and regulatory challenges we must all face in the years to come. My desire is to live up to the expectations outlined in my appointment letter from Governor Bentley. In it he states that honesty and integrity are two virtues he prioritizes for his administration to exemplify, and that he encourages the board members to be good stewards of the taxpayer's money and work to maintain that trust that he and the people of Alabama has in us. I hope to prove myself worthy enough to be your servant in carrying out the duties of this appointment.

Wiley J. Christian, III, P.T.

---

### **CONSUMER REPORT**

During the most recent meeting of the Alabama Board of Physical Therapy, members discussed the need for dissemination of information to licensees and to some extent, the general public. Legislative and rule changes that are being considered may have a significant impact on practices.

For example, information about the legislation that provided for direct access to physical therapy without referrals from other medical or health professionals should be widely disseminated. I have talked with people who were not aware that they could "walk in" and be evaluated for physical therapy treatment.

The Board will look at future opportunities for dissemination of up-to-date information.

Mary A. Jolley  
Consumer Board Member  
February 2013

**BOARD MEMBER NOMINATIONS for 2013**

**BOARD NOMINATION PROCESS**

Board members are appointed by the Governor for five (5) year terms.

Each year, the term of at least one Board member expires and the Governor makes a new appointment.

This year, the term of one PTA member will end October 6, 2013.

A list of five (5) names must be submitted to the Governor for the position from which he will make one appointment for the position available.

We are calling for nominations for the PTA Member from the North region of the state first, and then from the South in the event that we don't receive five (5) names.

If more than five nominations are received for the PTA position, a vote will occur to rank the nominees.

**REQUIREMENTS FOR BOARD MEMBER NOMINATION**

- \* Must be a resident and citizen of the State of Alabama
- \* Must have practiced Physical Therapy within Alabama for the previous three years
- \* Must have no disciplinary action against their license for the three years preceding the appointment
- \* Must consent to serve

\*\*\*\*\*

All Continuing Education must be pre-approved by the  
Alabama Board of Physical Therapy.  
Continuing Education will not be reviewed between  
August 1st – September 30th .

## WELLNESS PROGRAM

### Update

The Physical Therapy Board's Wellness Program will actually be operational on January 1, 2014, per Statute. Steps have been taken to have the program fully operational on day one. The Board has hired Dr. Michael Garver to set up and be the director for the program. He has had extensive experience in monitoring Wellness Programs and is currently the program director for the Board of Dental Examiners of Alabama, Alabama Board of Pharmacy, and Alabama State Board of Chiropractic Examiners. All three of these Boards speak very highly of his work and wrote glowing letters of recommendation for him. We are very fortunate to have retained his services for our program.

I am the Board liaison to Dr. Garver for this program. I will be working with him to facilitate the Board being kept informed of the programs he develops and the protocols he would like to use. This program will identify, treat, and monitor professionals who have some addictive behavior or mental disorder that potentially interferes with their ability to practice with reasonable skill and safety. This can include a drug or sex addiction, alcoholism, those suffering from recoverable mental disorders such as acute or chronic depression and anxiety, as well as intervention of those who suffer from unrecoverable mental diseases such as schizophrenia, Alzheimer's, and other organic brain diseases, and traumatic brain dysfunctions. Dr. Garver will set up all documents, define all protocols for self-reporting, treatment protocols, monitoring protocols, identification, fines, fees, monitoring and meeting fees for the client, contracts with First Lab for screening, and reporting protocols. How each aspect of this will be handled, will be presented to and approved by the Board. Dr. Garver will attend at least five Board Meetings during this calendar year to share his progress and obtain approval for his programs.

This is a necessary and very much needed program for our profession. The Board's primary concern is to protect the public, but at the same time, it needs to provide help to our licensees. The Board again welcomes your questions, as well as your input, as we go through this process. Please feel free to contact me, the Board office, or any of the Board members.

Jay H. Segal, P.T.  
Board Secretary

---

## Please keep your address updated with the Alabama Board of Physical Therapy

## **ALABAMA BOARD OF PHYSICAL THERAPY** **DISCIPLINARY INVESTIGATIONS AND ACTIONS**

The Board has a three-tier system of discipline.

The lowest level of sanction involves the placing of a *letter of admonition* in a licensee's permanent file.

The intermediate level of sanction involves the licensee entering into a *guilty plea agreement* with the Board, either prior to or following a formal or informal hearing. A licensee who pleads guilty may be required to pay a fine, or be subjected to a period of license suspension, or both.

The highest level of sanction involves a finding of guilt after a *formal administrative hearing*. This level of sanction includes a fine and/or license suspension, and may include license revocation.

Disciplinary actions are matters of public record.

In addition to being included in a licensee's permanent file, disciplinary actions are also published in the Board's semi-annual newsletter and to the Healthcare Integrity Protection Data Bank (HIPDB).

Licensees who either plead guilty, or who are found guilty after either an informal or formal hearing, have their names and the nature of their discipline published in the Board's newsletter and filed with HIPDB.

With a letter of admonition, only the nature of the disciplinary action is published.

In keeping with this policy, the following is a list of the Board's disciplinary actions since the last newsletter:
